

RULES ABOARD

Per United States Coast Guard, International Maritime Laws, and state and federal government rules, once aboard the vessel, passengers (herein Guests) fall under the direct and legal authority of the Master (herein Captain) of the vessel and undertake to comply with any and all instruction/requests made on them while on board. "On board" includes embarkation, disembarkation times where the vessel is tied to the dock as well as other times during the sail when the vessel may be anchored, and extends to all areas around the vessel where Guests may be swimming, paddle-boarding or otherwise enjoying the environment surrounding the vessel.

The Captain, at his sole discretion, may terminate the charter, without refund, or remove one or more persons from the yacht, for actions of any Guest (including the Charterer) which jeopardize the safety of the yacht or persons aboard.

Courtesy - Passengers, at all times, undertake to conduct themselves in such a manner as not to cause offense or discomfort to other passengers and crew.

Smoking - No smoking inside the yacht, nor on the aft deck. You may smoke cigarettes, cigars or pipes on the bow, on the flybridge, on the swim platform, or on the dock. Please use an ashtray rather than throwing your butts overboard.

Intoxication – *Over imbibing in alcohol will not be tolerated.* Aboard Anatolya, we strive to provide a quality and enjoyable time for you. However, over-indulgence is a safety hazard which we cannot permit.

Any Guest determined by the Captain to be too impaired to safely move about the boat will be cut-off from alcohol consumption and confined to the interior salon area. If the Captain feels that one or more Guests are intoxicated to the point where dangerous, belligerent or behavior harmful to the yacht or others is probably he shall terminate the trip, without refund. Additionally, we reserved the right to charge a minimum cleaning fee of \$100 for each occurrence where a Guest who has been drinking alcohol vomits on-board.

Also, you may not take home with you at the end of the charter any unconsumed beverages (alcohol or soft drinks) made available to you by the yacht which you did not bring with you

Refrigerator - Please do not remove anything from the galley refrigerator or the wine cooler without first asking the Captain (or Chef, if present). A large cooler with ice will be stationed with beverages for you to help yourself. On the other hand, please feel free to relax and allow us to server you.

Gratuities - Crew gratuities are not included in charter fee. Please feel free to show your appreciation as you see fit. It is customary for the Charterer to leave the entire gratuity for his Guests with the Captain.

Lifejacket - If you can't swim you must identify yourself as such (see Guest Waiver) to the Captain. At the Captain's discretion (typically dependent upon the sea and weather conditions at the time), he may ask you to either wear a lifejacket, confine yourself to the indoor saloon or remain seated in spacious rear cockpit area. Please understand this restriction is for your own safety. Naturally, our USCG certified Captain is fully trained in Man Overboard rescue techniques. But even in calm waters, it can take 10 minutes or more to find and retrieve back on board a Guest who has fallen into the water. On board, we supply standard lifejackets. If you prefer to bring your own, that's fine.

Illegal Drugs - You may not do or bring illegal DRUGS aboard the yacht... No illegal drug use is tolerated. Violate this rule and you will be put ashore promptly at the nearest location. This includes underage use of alcohol or cigarettes. Non-compliance of this rule will result in the termination of the sail and no refund will be given.
